Certificate – Foundations of Computer Science and Software Engineering

Ana G. Méndez University – Santa Isabel, Puerto Rico

Graduated December 2023

Certificate – Cybersecurity

SKILLS | TECH STACK

- Programming Languages: C, Python, Javascript, HTML, CSS, Ruby
- Technologies and Tools: Flask, Ruby on Rails, SQLAlchemy, PostgreSQL, React.js, Bootstrap, Chakra UI, Docker, Docker Compose, Postman
- Other Tools: Figma, Canva, Notion
- Languages: Spanish (Fluent/Native), English (Fluent)

EXPERIENCE

Holberton Coding School – San Juan, Puerto Rico

February 2024 – November 2024

Level-UP – Habit-Tracking Web App:

- Collaborated with two developers on a timeline of two months to develop a habit-tracker web app focused on self-care and motivation, with gamification elements.
- Built with: Flask, SQLAlchemy, PostgreSQL, React.js, Chakra UI, and Bootstrap
- Role: Fullstack developer, with a focus on the gamification logic and Frontend development.

Hbnb Evolution:

- Built a web app with similar functionality to Airbnb. Users can host and add amenities to a place, filter places by country, and leave reviews and ratings.
- Built with: Flask, SQLAlchemy, HTML, CSS, JavaScript
- Role: Fullstack developer

Other Projects:

Barber Portfolio Website:

- Designed and developed a responsive portfolio website for a professional barber to showcase his work, skills, and services. Built with React.js and Chakra UI for a sleek, modern UI, ensuring an intuitive user experience. Created the website's design in Figma, focusing on clean aesthetics and usability.
- Built with: React.js, Chakra UI
- Role: Fullstack developer

Level-UP(Ruby Edition) – Habit-Tracking Web App:

- Developed Level-UP, a full-stack Ruby on Rails web application that gamifies habit-building by allowing users to track daily tasks, earn XP, and level up as they progress. This minimalistic remake of my original Flask and React.js app focuses on simplicity and user engagement.
- Built with: Ruby on Rails
- Role: Fullstack developer

OfficeMax – Guaynabo, Puerto Rico

July 2023 – May 2024

Sales Advisor

- Ran diagnostics for customers' computers and made recommendations based on the diagnostics.
- Contributed to helping the store reach the weekly sales goal.
